SUBJECT: GROWING SEASON HYDRANT METER USE

Dear Water Customer:

The following is the City of Akron Water Department policy for hydrant meter use during GROWING SEASON:
Authorization for the temporary use of hydrant meters may be revoked due to misuse including but not limited to:

- ✓ Running water hose across any City street or neighboring occupied properties
- ✓ Leaving water hoses on the hydrant unattended or overnight
- ✓ Re-occurring vandalism (Water Dept reserves the right to pull connection)
- ✓ Unauthorized operation of the hydrant
- ✓ No hose attached chemical feeders (fertilizer, etc)

Each of the above situations will be periodically reviewed by the Akron Water Department during random field inspection.

Please note: An alternative water supply will need to be furnished by the customer if the hydrant connection is discontinued for the above reasons.
